

APEX GLOBAL SOLUTIONS INC. (NYSE: APEX)

FIRST QUARTER FISCAL YEAR 2026 EARNINGS RELEASE

Published: May 15, 2026 | Period Ended: March 31, 2026

1. EXECUTIVE SUMMARY & FINANCIAL HIGHLIGHTS

Apex Global Solutions Inc. today reported financial results for its fiscal 2026 first quarter ended March 31, 2026. The company delivered exceptional performance driven by robust demand in enterprise cloud services and security solutions.

Key Highlights:

- ? Total revenue was \$92.5 billion for the quarter, representing an increase of 12% compared to \$82.6 billion in the prior year period.
- ? Operating income was \$28.7 billion, up 17% year-over-year, reflecting strong execution and operational efficiency.
- ? Net income was \$22.1 billion for the quarter, compared to net income of \$19.5 billion in the first quarter of fiscal 2025.
- ? Diluted earnings per share was \$1.48 for the quarter, up from \$1.31 per diluted share in the year-ago period.
- ? Operating cash flow was \$18.3 billion, providing strong liquidity to support ongoing capital allocation priorities.
- ? Gross margin was 45.2% and operating margin was 31.0%.
- ? At the end of the quarter, total debt was \$110.0 billion, total assets was \$365.0 billion, and total liabilities was \$290.0 billion.

3. MANAGEMENT COMMENTARY

"Our Q1 results represent a fantastic start to the fiscal year," said the Chief Executive Officer. "The investments we have made in scaling our enterprise platforms and expanding our service footprint continue to yield high margins and consistent recurring cash flow. We remain committed to executing our growth strategy and delivering long-term value to our shareholders."

Key business drivers for the quarter include:

- ? Accelerated Cloud migration among enterprise customers, leading to a 20% growth in SaaS segment revenue.
- ? Strategic cost controls that offset minor supply chain bottlenecks, contributing to our strong operating margin.
